

# ONE

## EXCEPTIONAL LIFE

“There can be no greater gift than that of giving of one’s time and energy to others without expecting anything in return.”

- NELSON MANDELA

**South Africa has a shortage of 20 000 professional and specialist nurses.**

The Department of Health, hospitals and clinics are in crisis because of this shortage. The sick are suffering, people are dying.

**Are you willing to offer your life to bring health and healing to our nation?**

“I learnt that courage is not the absence of fear ... the BRAVE man is not he who does not feel afraid, but he who conquers that fear.”

- NELSON MANDELA

Every young person grows up hoping to ENJOY LIFE TO THE FULL! Do you want to be successful, independent, fulfilled and at peace? Did you know that God wants that for you too? He made you for a purpose and has a specific plan for your life.

Are you willing to look past name and fame, money and materialism, comfort and safety to step into the unique purpose for which you were created?

Caring for the sick as a SURGICAL, MEDICAL OR ICU (INTENSIVE CARE UNIT) PROFESSIONAL NURSE is challenging, but deeply rewarding. Working out in the community as a MIDWIFE, SCHOOL NURSE OR CLINIC MANAGER is the most enjoyable and respectable profession. This is a costly calling that is not for the weak and faint hearted. Because of the need in hospitals and clinics all over the world, there will always be a workplace for you!

“Only one life, ’twill soon be past; only what’s done for Christ will last.” - C.T. STUDD

We each have only **ONE LIFE** to live. Let us live it to the full and make our lives **COUNT** for **SOMETHING** really meaningful, giving gratitude to the **ONE** who gave us **LIFE!**

### HOW CAN I BECOME A NURSE IN SOUTH AFRICA?
